

Pedestal Fan - 400mm Energy Saving Pedestal Fan With Remote Control

The 400mm Solent BLDC Converted-Frequency Pedestal Fan is the energy saving solution you have been looking for! It is simple to install, easy to operate and comes with a 3 Year No Nonsense Warranty.

The Solent Pedestal Fan is driven by a 4 - 75 watt motor, with 9 speed functions and is operated via Remote Control. This oscillating Pedestal Fan has up to 9 meters air delivery for total air circulation.

If you're looking to cool down smaller areas or personal spaces then the Pedestal Fan is the perfect choice. Although small in size, Pedestal Fans are highly effective.

The Solent Pedestal Fan is perfect for commercial, industrial and residential use.

Features & Benefits
